ASSIGNMENT OF PATENT RIGHTS

OFFICE OF PETITIONS

We, [^]Magalore Sachidananda and Dusan S. Zrnica jointly invented a "Signal Processing and Systematic Phase Coding for Mitigation of Range and Velocity Ambiguities in Doppler weather Radars" and have filed an application for United States Letters Patent on August 27, 1998, Application No. 09/140,739. Under applicable law and government regulations, the rights of Dusan Zrnica in the invention are required to be assigned to the United States of America because of the circumstances under which he made the invention. [^]Magalore Sachidananda is voluntarily assigning his rights.

The United States of America, as represented by the Secretary of Commerce, wishes to acquire the world wide rights to this invention. Therefore, we assign to the United States of America, as represented by the Secretary of Commerce, our full and exclusive rights throughout the world to this invention. By granting the assignment, we become eligible to share royalties with the Department of Commerce if it licenses our invention. This invention and its derivative applications and Letters Patent are to be held by the United States of America for the full term for which such Letters Patent may be granted as completely as they would have been held by us had we not made this assignment.

We agree to make, execute, and deliver to the Secretary of Commerce all documents in such usual or other forms, terms, or contents as may be required by the Secretary for the prosecution of all applications arising from this invention, as well as after issuance of Letters Patent, and for the settlement of any interferences or other actions or proceedings these applications and Letters Patent may encounter. We will aid the United States of America in every way to protect the invention ~~as requested by the Secretary, except that any expenses~~ arising through such assistance will be borne, through proper arrangement, by the United States of America.

We warrant that there are no outstanding assignments, grants, liens, encumbrances, or agreements, oral, written, or implied, that will impair the interests conveyed in this assignment at the time we executed this instrument.

IN TESTIMONY WHEREOF, WE SIGN.

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule(s) 1.322 and or 1.323.

Granting of a petition under 37 Code of Federal Regulations (CFR) 1.183, requesting the requirements of 37 CFR 3.81 to be waived, is required to correct applicant's error in the Assignee (see Manual of Patent Examining Procedures (MPEP) Chp. 1400, sect. 1481, pgs. 1400-64). Such a petition is required, when the *correct* assignee's name *and/or* address *was not provided* in accordance with either section 3.81(a) or (b) (either no data or an incorrect data, i.e. typographical, misspelling, ...), was provided in item 5 of the Issue Fee Transmittal (PTOL-85b), when the assignment had been recorded or submitted for recordation at the time the issue fee was paid or when an incorrect name was provided in the petition required by section 3.81(b) when the assignment submitted for recording after the date of payment of the issue fee, but prior to issuance of the patent). This procedure is required at *any* time after the issue fee is paid, including after issuance of the patent.

In view of the foregoing, your request is hereby denied.

A petition to correct the Assignee under 37 CFR 1.183 should include:

- (1) the petition fee set forth in 37 CFR 1.117(h) (currently \$130);
- (2) the correct name and address of the assignee; and
- (3) the reel and frame number where the assignment(s) is recorded or proof of the date the assignment was submitted for recordation.

In the Petition: Applicant(s) may request that the file is forwarded to Certificates of Correction Branch, for issuance of a Certificate of Correction, if the Petition is granted. No additional request and PTOL 1050 forms, must be submitted, *if only* correction to Assignee data was requested and noted on the PTOL 1050 form, that accompanied the original request.

Any petition under 37 CFR 1.183 should be directed to the attention of the Assistant Commissioner for Patents, using the following mailing address or FAX number.

By Mail: Commissioner of Patents and Trademarks
Box DAC
Washington, D.C. 20231

By Fax: (703) 308-6916
Attn.: Office of Petitions

If the Petition under 37 CFR 1.183 is filed and granted, the patentee would be entitled to a certificate of correction under 37 CFR 1.323 (required fee currently \$100, if not previously submitted), due to the mistake in not complying with CFR 3.81.

Further consideration will be given in *this matter*, upon receipt of a reconsideration, with its corresponding fee of \$100.00, and supporting documentation.

For future reference, if you obtain data which clearly shows that the attorney/applicant is not in error, then include proving documentation with the certificate of correction or reconsideration, this *may* aid in the prompt processing of your request.
